

ANIMAL/PET VISITS

All class pets must be approved by the principal.

In the event that you wish to have a pet or animal visit the school for any reason, please follow these steps:

1. Notify parents of all students in the class/group that will be involved. It is always possible that a child has an issue with animals, whether it is an allergy, a fear, a history, etc.
2. Notify the receptionist, the nurse, the principal or assistant principal.
3. Have the animal visit outside in the PreK playground.
4. Clean up afterwards.

The PreK playground in the front of the school will be the standard location for all animal visits unless otherwise approved by the principal.
